

# Jude Clarke, MBA

FRONT-END DEVELOPER

Email: [judepaclarke@gmail.com](mailto:judepaclarke@gmail.com) | LinkedIn: [jude-clarke-mba](#) | Github: [jude-clarke](#)

## Skills

---

JavaScript (ES5/ES6) - HTML5 - CSS3 - React.js - Express.js - Node.js - MongoDB

Figma - NPM - Git - Bootstrap - EJS - Editor.js - JSX - Google APIs - Passport.js

## Experience

---

### Master Key Dev Solutions, LLC.

Founder/CEO

August 2020 - PRESENT

- Render dynamic web pages and user interfaces from a mockup using HTML5, CSS3, JavaScript, Bootstrap, and EJS
- Design & build server-side infrastructure including authentication, email validation, CMS, data collection and storage through CRUD routing, and APIs using Node.js, Express.js, Passport.js, MongoDB, Editor.js, GoogleAPIs, and npm
- Design and Prototype website mockups and UI/UX components by a process of user feedback-based improvement.
- Manage domains, hosting, Google developer tools, photography, legal filings, and outsourcing for the company.

### Edward W. Bok Academy

Spanish/Computer Science Teacher

August 2019 - May 2022

- Design project-based learning curriculum, and lead teams of students to complete research and coding projects
- Coordinate and facilitate engineering, gaming, and robotics club activities with multiple teams of STEM professionals
- Perform the above duties in-person and remotely in addition to managing physical and remote classes simultaneously

## Major Projects

---

### Shofolio.com

Fullstack Web App

January 2022 - PRESENT

I collaborated with a UI designer/researcher to repurpose the backend from masterkeyspanish.com into a social portfolio platform complete with authentication and additional features suggested from conducting user interviews.

### Masterkeyspanish.com

Fullstack Web App

March 2020 - December 2022

I designed, developed, and translated a custom website/personal blog to display projects, accomplishments, and information related to my Spanish course complete with CRUD routes and my own content management system.

## Other Relevant Strengths

---

Teaching - Creative Problem Solving - Task Management - Passion for Learning - Team Collaboration

Oral and Written Presentation - Business Insight - Concept Development- - Motivating Others - Spanish
